## ROBBERS HOLD UP ROCK ISLAND TRAIN

BOARD TRAIN NEAR MEMPHIS AND TAKE REGISTERED MAIL.

Memphis, Nov. 1.—Six masked men held up westbound Rock Island express train No. 43, known as the Arkansas-Oklahoma express midway between Memphis and Hurlburt, Ark., early this morning, ransacked mail pouches, fired seven nitro-glycerine caps into the "way" safe of the express car, which not only tore away the safe doors, but wrecked the car and in the midst of their work were frightened away when a switch engine, searching for the overdue train, approached from Hurlburt. It is declared that but little of value was secured. The men were last seen making their way toward the Mississippi river. Hurlburt is eleven miles from Memphis.

The train was boarded when it slowed down near Hurlburt. Intimidating the engine crew by a display of weapons, the men forced the engineer to back the train several miles stop to permit the express and mail cars to be cut from the coaches and then to draw the forward section of the train a short distance from where the half completed robbery was executed. In the meantime other members of the train crew, as well as express messengers and mail clerks were brought to submission.

### Worked Deliberately.

When the detached cars were brought to a standstill each of the men set about a task. One began gathering registered mail and another to set the charge of explosive, while others stood guard over the train crew and the passenger coaches. The robber having charge of the express car selected the larger of two safes for his attack. This one, it

## SURPRISE STORE PUTS ON A BIG SHOW

It was not the kind of blue whistler the old soldiers talk about, but a blue clad one from the Hamilton-Brown Shoe Co. who entertained a large crowd in front of the Surprise Store yesterday afternoon. After showing some pictures of the big shoe factory, and telling a few facts about the quality and quantity of shoes turned out, he delighted the eager crowd of little folks by playing a number of tunes on a whistle he had with him. After showing them how it worked, he threw out a boxful of them, and a merry scramble took place. The youngsters were given a short time in which to learn to play on their whistles, and then a contest was pulled off, a pair of Security school shoes, donated by the Surprise store, being the prize offered to the best musician. A number of little fellows gave exhibitions of their talent, but the crowd voted the shoes to a small boy by the name of Emerson, who showed wonderful ability to make music, being able to follow the whistling expert with ease. A prouder boy could not have been found in Ada than he was.

The whistler gave another exhibi-

## CAN GOVERNOR FIRE APPOINTEES

Oklahoma City, Ok., Nov. 1.—Attorneys for the State Board of Education which has been under investigation upon charges filed with Gov. Cruce, are contending that the governor has no authority to remove the board

members until their terms of office expire.

In support of this position they have filed with the governor a written protest against possible removal, which is taken as indicating that some members of the board at least fear they will be asked to resign. It is also intimated that in case the governor does not arrive at the conclusion expressed in the protest the matter will be carried to court.

Gov. Cruce has been advised by attorneys that the right to appoint carried with it the right to remove and that the question was determined by the Oklahoma Territorial Supreme court when Gov. Renfrow appointed E. D. Cameron superintendent of Territorial schools.

The governor said today that he would decide the cases as pending upon charges against the board as soon as all attorneys filed briefs as they desired to do. He will probably announce his findings in a written statement.

## A DAY OF DISTRICT COURT

Judge McKeown and his stenographer, J. B. GaGlbrait, returned from Wewoka yesterday afternoon, and today court has been in session trying the two cases of the First National bank of Roff vs. the Roff Grain Co., composed of Joe Thomas, Ed Fussell and C. Y. Partain. The total amount sued for is \$6,775.95 and interest. The case was tried some weeks ago, but resulted in a hung jury.

When the case was called this morning the defense endeavored to secure a postponement, but the motion was overruled, and the case went to trial on its merits.

happened, contained only the less valuable packages.

When the charge was fired, the end and sides of the car were splintered and the entire front of the safe blown away, just at this moment, however, the switch engine came in sight and the robbers took to their heels with only what they could hastily grab as a reward for their work.

The train proceeded after two hours delay, required to transfer the express matter to another car.

Posses began a search for the men shortly after daybreak.

## ADA COTTON CATCHES

## FIRE AT CHICKASHA

Chickasha, Okla., Nov. 1.—Fire broke out in the Rock Island yards this morning at 7:55 o'clock in a car load of cotton that was in transit from Ada to Chickasha, billed to the Collins Cotton company. It is not known how the fire originated. A watchman in the yards discovered the blaze and the alarm was sounded at once.

The car was located in the extreme south end of the yards but was moved to the crossing on Idaho avenue where the water mains are located so that the department could extinguish the fire. All of the cotton was unloaded. The cotton was damaged and belongs to an insurance company. It was in a big cotton fire at Ada and was being shipped to the Collins cotton factory at Chickasha.

## I. HARRIS

Specialist in Good Clothes for Men and Boys

THIS display of new styles in men's clothes which we're now making is the kind of display you want to see. It represents the highest achievement in fine clothes making.

Hart Schaffner & Marx use none but all-wool fabrics; and the reason for that is that all-wool is best; it's best for the man who wears the clothes. The tailoring is of the highest class; costs more than cheap tailoring, just as all-wool costs more than part cotton. Everything in the clothes and everything done to them, is with the idea of giving the man who wears them the best possible value for his money.

That's the spirit in which Hart Schaffner & Marx make clothes; and the reason we sell these goods, and make so much talk about them is that this store is being run on that basis.

See the new weaves---grays, tans, browns, blue-grays; chevots, tweeds, worsteds, blue serges. See the new models---Shape-maker, Varsity, English Sack; and the new overcoats---Raglan slipon, English box overcoat, adjustable collar ulsterette. And a lot of other good ones.

Overcoats \$16.50 and Up

### The Aileron.

Sometime ago the readers of the  
News perhaps saw something like  
this:

The Aileron,  
What is it?  
Ask somebody.  
Watch it fly.

It is the paper published by the  
students of the normal, and the first  
issue will appear toward the last of  
the week.

The staff is composed of the Senior  
class, one Junior, and one Freshman,  
and associate editors from each class.  
The paper is under the direct man-  
agement of the following:

Ray Palmer, editor-in-chief; Ola  
Davis, assistant editor; Murriel  
Wright, local editor; William But-  
tram, athletics; Kate McKowen, ex-  
change editor; Nannie Henderson,  
business manager; Hugh Biles, as-  
sistant business manager.

### Sophs 5, Sub-Fresh, 0.

Yesterday afternoon the first inter-  
class game in the history of the  
school was pulled off, Sub-Fresh. vs.  
Sophs.

It was in every way a very excit-  
ing game. The Sophs scored touch-  
down in the first quarter, but could  
not do so again. The ball was near  
the center of the field during almost  
the entire game, each team often  
holding the other for downs. The sub-  
fresh, declare that the Sophs can't  
do it again.

W. H. Underwood, a student of the  
summer term of 1910 was a visitor  
yesterday and stated that he would  
teach at Enterprise in Johnson coun-  
ty.

President Chas. W. Briles has been  
invited to address the students and  
patrons of the Coalgate High school  
at an early date.

Some of the curtains have been  
hung in the auditorium and the paint-  
ers are putting the finishing touches  
to them.

## HOW TO TREAT OLD SORES

The proper way—the only suc-  
cessful way—to treat an old sore  
is to destroy its source. Not by  
dangerous surgical operations or  
irritating, "drawing" plasters, but  
by Nature's true method of purify-  
ing the blood and filling the circula-  
tion with rich, nourishing prop-  
erties; then the cure will be natural  
and lasting. We can easily under-  
stand how impurities in the blood  
will infect some weak point on our  
bodies, and by continually dis-  
charging impurities into it keep the  
place open and inflamed until a  
chronic ulcer is formed. Nothing  
then is so sure to produce a cure  
of these old sores as S. S. S. This  
medicine is Nature's perfect blood  
remedy, composed of the most heal-  
ing and at the same time the most  
penetrating and blood-purifying  
properties. It removes every par-  
ticle of impurity or morbid matter  
from the circulation, and assists  
nature in the increasing of healthful,  
nutritious corpuscles in the blood.  
S. S. S. makes pure blood, and pure  
blood is Nature's unailing cure for  
old sores. Every sufferer with an old  
sore should use S. S. S., because it  
is the remedy they most need. Book  
on Sores and Ulcers and medical ad-  
vice free. S. S. S. is sold at drug stores.

"Cook's Pride" coffee is not "just as good" but better. Sanders & Son. 159-dtf

Begins to look like the signs of a hard winter which old times observed in the summer, will for one time prove correct. Two weeks of cold weather already, three or four frosts, and a momentary dash of snow this morning, is the record to date.

Master Chisholm Barnett, one of the carrier boys of the News is a candidate for the bicycle on exhibition at C. J. Warren's, and will appreciate any assistance his friends will give him in winning next week's contest.

We Have the Agency for

## Cooper Underwear

This is the nice, soft, elastic kind you see advertised so much in magazines. When you buy

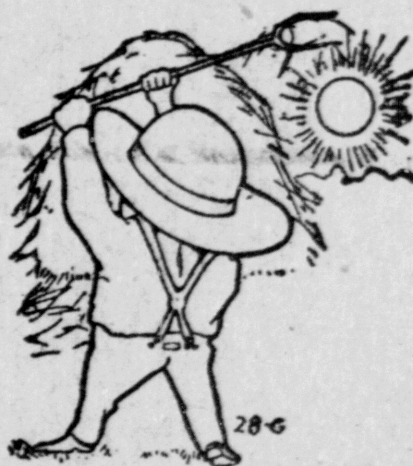

### Union Suits

you want comfort, fit and wear. It is the special Cooper fabric that gives the elastic fit that no others can equal. It is the special Cooper's "cable twist" yarn that makes their underwear wear like iron.

Insist on having the genuine, which has the cat sewed on the neck of every garment, if you want your money's worth.

### Make hay while the sun shines

We are the leaders in the Coal business in Ada, and why is it, do you suppose? Because our aim is to give the greatest value and quality at as low a cost as possible. Can you afford to do business in any other way? When we get a new customer it is not the profit in the first sale that pleases us, but the knowledge that we have added a customer for future business. Advertising pays—if you're honest, also.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you, we would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

## CLARK SAYS ENFORCE ANTI TRUST LAWS

Fremont, Neb., Nov. 1.—Cham Clark, speaker of the house of representatives, is unalterably opposed to the repeal of the Sherman anti-trust law and is in favor of its rigid enforcement.

"I am not in favor repealing the Sherman anti-trust law," said Speaker Clark to the Associated Press tonight. "Instead, I would make it stronger. I would enforce it against all offenders, civil and criminal. The law is no respecter of persons, in theory, and there is no reason why it should be so in practice."

"The law has been on the statute books for many years, and if it had been properly enforced during the last decade there would have been no trusts in the United States."

Speaker Clark made an address in this city tonight and will go to Kansas City tomorrow.
